Timeline 121787.

Robot Legends (Classic)

- After the Roboenza outbreak (Events of Mega Man 10, near the end of the Classic timeline, MM11 takes place before) Dr. Wily vanishes without a trace (To build Zero) and the Roboenza outbreak causes people to fear Robot Masters even more and ban the creation of them. All Robot Masters would be retired and destroyed after they were deemed no longer needed, including Mega Man and the others when Dr. Light dies, Proto Man leaves the Earth and later on, Duo finds him and lets him join the Stardroids/Star Marshals.

Maverick Wars (Mega Man X)

- All Reploids are immune to Roboenza since Dr. Light made sure it would not work on X.
- The Maverick Virus was created by Wily in order to control Zero, it's a modified version of Roboenza, when it infects Sigma it takes a while to fully infect him and mutates a lot in order to do so which makes it able to infect Reploids.
- Dr. Wily managed to convert himself into a digital form.
    - Wily's Reploid Identities, Serges, Isoc, Alfred, Seism, Molina.
    - He occasionally refers to X as Rock or Mega Man.
- The Stardroids/Star Marshals is an intergalactic group of space guardians.
    - Squadron #2 Members: Duo, Proto, Quartet,
        - Proto has an energy blade that comes out of his Buster that acts like a Beam Saber like ProtoMan.EXE but can still be used as a normal buster.
- Maverick Hunters: X, Zero, Alia, Synth,
